

CALL TO ARTISTS

Vista Center Expansion

2300 N. Jog Road, Unincorporated West Palm Beach, FL

BUDGET: \$331,395

DEADLINE: **January 17, 2025 by 11:59pm EDT**

A. Project Summary

Palm Beach County's Art in Public Places program (PBC AiPP) seeks to commission an Artist or Artist team (Artist) to design, permit, fabricate and install **art inspired by the many facets of the permitting process that ensures safe structures are built and maintained** in unincorporated Palm Beach County (PBC).

As a result of increased workforce and need for an emergency control center, the Vista Center Expansion will provide a space for employees in the Planning, Zoning & Building (PZB) Department's Building Division and its partner Fire Rescue, to review and permit plans that **contribute to resilience in architecture and local placemaking**.

Commissioned art will be inspired by the array of services provided by the Palm Beach County Planning, Zoning and Building Department (PZB). Visit [Planning, Zoning & Building Home](#) for the Department's comprehensive website.

B. Art Design Goals

- **Art will create a welcoming, vibrant environment for staff, customers and visitors including residents, business representatives and industry stakeholders** seeking permit or flood plain approval for diverse structural elements built in unincorporated PBC such as various residential and accessory structures, commercial and industrial buildings, agricultural structures, and others.
- Art will be inspired by building code innovations that are **responsive to climate change, incorporating resilience in architecture principles to ensure safe buildings are designed to withstand natural disasters, such as hurricanes and floods**.
- Art will **complement the facility's architectural style and scale**.
- **Art materials must be durable and require minimal maintenance**. Outdoor art materials must also withstand the intense local environment (sun, high winds, salty moist air, and rain).

C. Areas for Art Integration

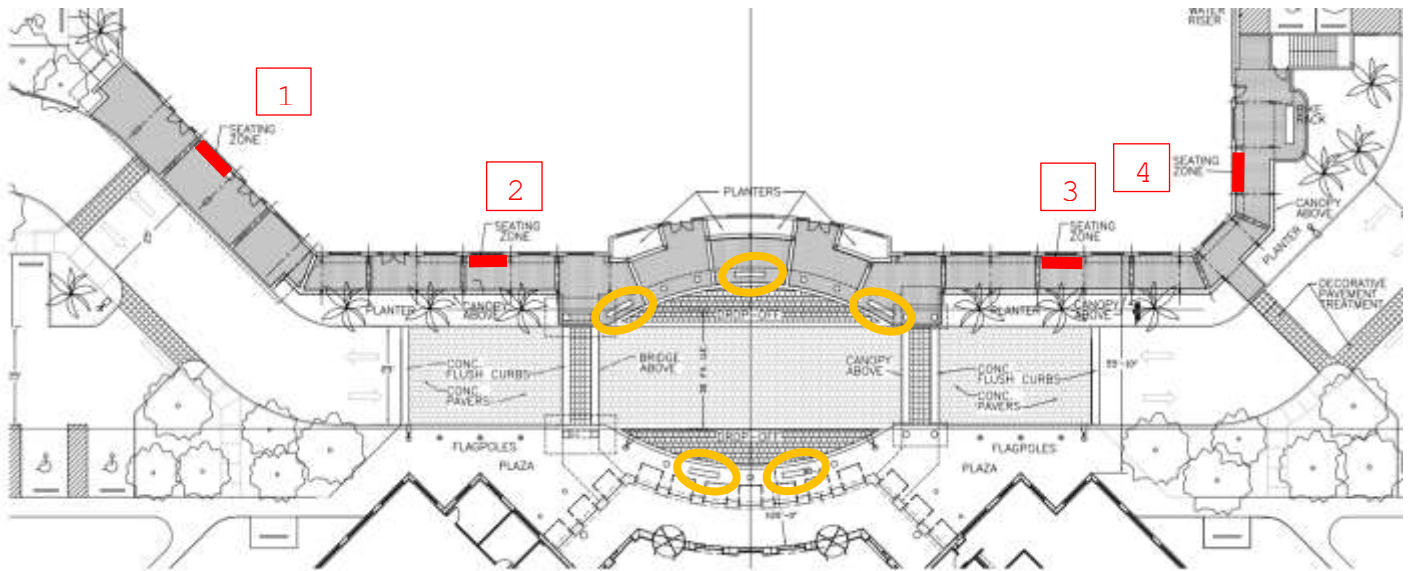

The selected Artist will be responsible for creating a comprehensive design for the planned improvements, which will include design, fabrication, permitting, and installation of art in two key areas.

Area 1 is located in the **outdoor entrance plaza where the art will function as seating**, offering respite for visiting public and staff. Each art seating must accommodate a minimum of two (2) adults and be installed in a minimum of two (2) of the four (4) designated seating zones, in priority order shown in red on the Area 1 graphic below. Priority seating area 1 is near an entrance to a public meeting room. Priority seating areas 2 and 3 flank the building's main entrance. All art seating must be designed per Florida Building Code Accessibility Code.

Area 2 is located in the **indoor lobby, integrated onto three (3) stairwell walls and three (3) soffit walls**. Stairwell walls will be constructed of concrete masonry unit (CMU) and gypsum. Art on stairwell walls shall not protrude from any wall more than one (1) inch and not require structural reinforcement to walls. Soffit walls will be constructed of stud and gypsum without reinforcement, nor backer board. Art on soffit walls shall not protrude from any wall more than two (2) inches and not require structural reinforcement to walls. Shortlisted Artists will receive construction documents and information on architectural finishes upon execution of a County standard form Non-Disclosure Agreement prior to Finalist art proposal development.

L. Palm Beach County Planning, Zoning & Building Department - Background Information

Although Palm Beach County was officially established by the Florida Legislature in 1909, the PZB Department has a more recent origin. It was formally created on May 3, 1957, when the Board of County Commissioners adopted a 46-page Zoning Resolution that established the Department of Zoning and Building. This foundational resolution introduced essential regulations for land use and related practices within the county's unincorporated areas.

In its early years, the department's focus was primarily on providing zoning staff reviews and recommendations to the Board, enforcing zoning regulations, conducting building plan reviews, and performing field inspections.

Today, PZB has grown to include five divisions: Administration, Building, Code Compliance, Planning, and Zoning. It operates with a workforce of over 320 employees and a FY 2025 adopted expense budget of \$18,490,667 in ad-valorem funds and \$82,935,974 in non-ad-valorem funds (excludes Capital budget of \$84,084,239 in non-ad valorem funds). PZB's continued growth includes plans for the proposed new building at Vista Center to house its Building Division, scheduled to begin construction in May of 2025.

To illustrate the scope of the department's responsibilities, in 2024, the Building Division conducted permit and technical reviews on more than 80,000 applications, performed over 214,000 inspections that added more than \$2.4 billion in construction value to the County.

On May 13, 2027, PZB will proudly celebrate its 70th anniversary, with plans underway to commemorate this milestone.

M. Vista Center Complex (Original Building & Expansion) - Background Information

The Planning, Zoning and Building Department's Building Division (Division) is currently located on the first floor of the Vista Center at 2300 N. Jog Road in unincorporated West Palm Beach. As a result of the Division's increased workforce and its

need for an emergency control center, an expansion was deemed necessary in order to fully support its operations. The new building will include support offices and workstations for personnel, conference/meeting/training rooms, and other facilities such as restrooms and mechanical spaces for the Building Division as well as Fire Rescue Plan Review. The new building will also feature an enhanced work environment including natural lighting, reduced sound/noise transmissions, and other features. The new building will be a modern facility that has been designed to integrate well with the existing structure on the property, and will be supported by a new parking structure. In addition, the customers and employees that will visit the new building are expected to also use the existing building to interact with other PZB Divisions and other Departments.

The "Cone of Silence" is in effect from the date/time of the deadline of the Shortlist application, and terminates at the time that the Board of County Commissioners or a County Department authorized to act on their behalf, awards or approves a contract, rejects all bids, or otherwise takes action which ends the solicitation process.
