2. Enter your email address and click GO

The screenshot shows a website interface with a navigation menu on the left and a main content area. The navigation menu includes links for Shopping Cart, Welcome, Purchase Books/Products, Become a Member, Renew Membership, Register for Event, Make a Gift, My Account Information, My Transactions, Arts Services Directory, Arts and Military Directory, Public Art Program Directory, and Public Art Service Directory. The main content area has a heading "VERIFY YOU DO NOT HAVE AN ACCOUNT" and a message: "To access select content and complete any online purchase you must be logged in to the website so we can best serve you by connecting to your account." Below this is a text input field for an email address, with "test@test.com" entered. A red "GO" button with a right arrow is positioned to the right of the input field. A list of instructions follows: "Please enter your e-mail address below to see if you are already in the Americans for the Arts database. Be sure to try any old e-mail addresses you might have used in the past. You may have a record that is just out of date with an old e-mail address." The instructions include: "If you are found we will help you reset your password.", "If no match is found we will help you create an account.", and "If you know your login information already please proceed to the login page. If you have already logged and were not given access to content or areas as you needed please e-mail us at [webmaster@artsusa.org](mailto:webmaster@artsusa.org)."
